

The Donald W. Maine College of Business and the Michigan Transfer Agreement

The Michigan Transfer Agreement fits well into all of the Bachelor of Business Administration degrees in the Donald W. Maine College of Business. Students are encouraged to complete the MTA as they complete their associate degree at their local community college.

There are 39 credit hours of general education course work in the Bachelor of Business Administration degree programs in the Donald W. Maine College of Business. Davenport University will accept in total the 30 credit hour block that comprises the MTA and apply it to the general education requirements in these programs. The course work taken at the community college to meet MTA requirements will determine the remaining 9 credit hours of general education course work transfer students will need to take at Davenport University.

If you took **one English class, one communication class and college algebra** to meet the MTA requirements you will need to take the following general education classes at Davenport University:

- ENGL110 – Advance Composition – 3 credit hours (can be taken at Davenport or your community college)
- ENGL311 – Professional Writing – 3 credit hours
- STAT220 – Introduction to Statistics – 3 credit hours (can be taken at Davenport or your community college)

If you took **two English classes and college algebra** to meet the MTA requirements you will need to take the following general education classes at Davenport University:

- COMM120 – Presentation Techniques – 3 credit hours (can be taken at Davenport or your community college)
- ENGL311 – Professional Writing – 3 credit hours
- STAT220 – Introduction to Statistics – 3 credit hours (can be taken at Davenport or your community college)

If you took **one English class, one communication class and statistics** to meet the MTA requirements you will need to take the following general education classes at Davenport University:
