

Davenport University Transfer Credit Policy

Those applying as transfer students who wish to have credits from another college evaluated and applied to their Davenport degree must have an official transcript sent to the Registrar's Office.

Transfer applicants with a bachelor's degree from another institution may earn a second bachelor's degree from Davenport University, provided the curriculum at Davenport University is substantially different from the curriculum involved in the first degree.

Science coursework required in the BSN-PL program completed within 5 years prior to acceptance with a C or better, at another institution, will transfer in to the program.

Developmental or remedial course work is not transferable.

To be transferrable, Paralegal or Legal Studies coursework must be from an American Bar Association accredited Paralegal or Legal Studies program and be listed in the Directory of ABA Approved Paralegal Education Programs. Paralegal or Legal Studies coursework from a non-accredited program will be transferred in as general business elective credit. General education and non-Paralegal and non-Legal Studies coursework is transferable regardless of the accreditation status of the program.

To be transferrable, Health Information Technology and Health Information Management coursework must be from a CAHIIM accredited program and be listed in the CAHIIM accredited program directory. Health Information Technology and Health Information Management coursework from a non-accredited program will be transferred in as general health science elective credit. General education and non-Health Information Technology and non-Health Information Management coursework is transferable regardless of the accreditation status of the program.

To be equivalent, a transfer course must be within 1 credit hour of the published credit hours of the potential Davenport University equivalent course.

Regardless of the number of credits accepted from other institutions, all transfer students must meet Davenport's minimum residency requirements.
